Technical Resource – CodeMark Australia Certification Scheme – Building Products/Systems – External Contract Resource

Description

CMI Certification is looking for an experienced person to provide Technical Review Services as an External Contract Resource covering our CodeMark Australia Certification Scheme for Building Products/System compliance to relevant clauses of the Building Code of Australia (BCA), National Construction Code (NCC) Volumes 1 & 2 as well as any relevant standards identified within the NCC.

CMI is accredited by JAS-ANZ to provide CodeMark Australia Certification Services and we need additional Technical Experts who can join our Team as an External Contract Resource.

Responsibilities

The position will involve the review of a Clients Product/System Technical Data, Test Reports, Professional Engineer Reports or Appropriately Qualified Person Reports against:

- Relevant requirements of the National Construction Code (NCC) Vol 1 & Vol 2
- CodeMark Scheme Requirements
- ISO/IEC 17065
- ISO 10005

The position will provide additional contracted resource capabilities on an as required basis to meet CMI's growing Client base.

This is an ideal position which allows you flexibility to work from your home, office or other remote locations. You can still have your other work or business interests and undertake this work for CMI outside of those hours.

Qualifications

CMI will need you to supply the following information:

- Current CV detailing your work, experience and qualifications with particular emphasis in the areas that we are seeking such as knowledge and working understanding of the NCC Vol 1 & Vol 2, Building Products/Systems and any relevant standards referenced within the NCC.
- Additional information regarding your specific knowledge and understanding of the any of the areas above.

If you are successful will need the following:

- Australian Drivers Licence
- As a minimum hold an Australian Sole Trader ABN
